

Stainless steel heavy duty solid shelved trolleys

SKU: SHTT-TL2SS69x49

Description

Our heavy duty multi-tier trolley is manufactured from fully welded 304-grade stainless steel in a brushed dull polish finish, making it not only robust but extremely intelligent too; from stainless steel castors to shelves with sound-absorbing lining and a maximum of 200kg per trolley and 100kg per shelf.

It is the ideal hygienic solution to your transportation and storage needs, being easy to clean and versatile, the perfect trolley for your workplace. The build and stainless steel quality – also available in 316-grade – means it is extremely long-lasting and is guaranteed to be corrosion resistant.

As with all our products, our multi-tier general purpose trollies are suited to rigorous hygiene and HACCP routines, meaning you can rely on us to deliver a hygienic, durable and easy to clean product ideal for your workplace.

The trolley comes complete with 4 stainless steel castors, 2 of which are braked as standard for ultimate versatility and stability. It also features wall bump guards, enabling you to maintain a safe and hazard-free workspace. For maximum security, anti-static or rubber castors are also available.

With a range of available sizes, we are confident you will find a trolley to suit your needs.
