

Cleanroom pedestal waste bag holders

SKU: HWBH-OFFOCR

Description

Our cleanroom pedestal waste bag holders are manufactured from 304L-grade stainless steel. A plastic-free design ensures that our products are easy to clean, supporting rigorous hygiene standards. A tough stainless steel clamping band securely holds the bag in place, reducing the risk of tearing or spilling waste.

Available without a lid or with foot operated lids, to aid with hands-free use, are available.

Open or enclosed versions that offer even more use ability are available whilst ensuring hygiene standards are maintained.
