

'Partner' 21" Bouffant Cap

LYNBOND

SILICONE FREE

LATEX FREE

About

The 21" Bouffant cap is meticulously designed to provide the highest levels of comfort within a cleanroom environment. In the demanding world of cleanroom operations, every detail matters. The cap features a single-stitch design to allow a cleanroom hood to fit comfortably, and with a light weight 12gsm material to increase user breathability, preventing heat build up and overall increased user comfort.

Features

- Elasticated Bouffant Cap
- 21" (53cm) diameter
- Single stitch
- Material: Non-woven Polypropylene
- Ideal to be worn under a cleanroom hood
- Used to protect contamination from hair
- Manufactured from thermally bonded non-woven polypropylene
- Thermally sealed waffle pattern polypropylene
- Latex & Silicone Free
- Evenly meshed throughout the material surface
- Provides great levels of ventilation and comfort

Application

- Cleanroom & Controlled Environments
- Semiconductors
- Laboratories, Forensics & Pharmaceuticals

Packaging
